

Athens Democracy Forum: A Summit of Globalist Forces

Objective:

The Athens Democracy Forum is just a **miniature** of what happens on a global scale. This year's Athens Democracy Forum, will host advocates of the Axis of Evil (Muslim Brotherhood, CCP, US Deep State, Greens, Leftists) in order to continue promoting their Anti-Israel and Anti-America First rhetoric.

Prologue:

In our previous reports we highlighted the CCP Trojan horse better known as the "Middle Corridor".

We signalled that Turkey should not be trusted, as they are secretly collaborating with CCP and Qatar behind the scenes in order to resurrect the Ottoman Empire while becoming an integral part the preferable trade route to the West as it was during the Ottoman Rule.

Sadly, our projections were fully confirmed as Erdogan not only hijacked the Armenia-Azerbaijan peace deal and corridor while also **admitted openly that the Middle corridor is an integral part of the Belt and Road Initiative.**

The above projections of the near future are in full alignment with Steven Witkoff and Tom Barrack's postures, they played a crucial role in establishing this dangerous strategic development, obviously in benefit of the Qatar-Turkey –CCP axis of understanding, under the guise of Peace Initiatives.

We need to take into account that Steven Witkoff, who was also labelled as susceptible to CCP and Qatari Influence (as he had business deals in past with them), recently admitted openly that he was consulting Turkey's MIT and Azerbaijan for the Middle Corridor by implementing the Zagenzur "Peace Corridor".

Similarly, Tom Barrack, who is also susceptible to CCP and Qatari Influence (as he had also business deals with them in the past) is knowingly a staunch Erdogan supporter and appeaser of Al Jolani.

["Era Of Western Interference Over. Future Belongs To...": US Envoy To Syria](#) Behind these pro-Muslim Brotherhood agenda developments is no other than the **Atlantic Council** [[Why the Middle Corridor matters amid a geopolitical resorting - Atlantic Council](#)] and its affiliated Think Tanks (Carnegie, RUSSI etc.) including the Athens Democracy forum that we will mention in this report.

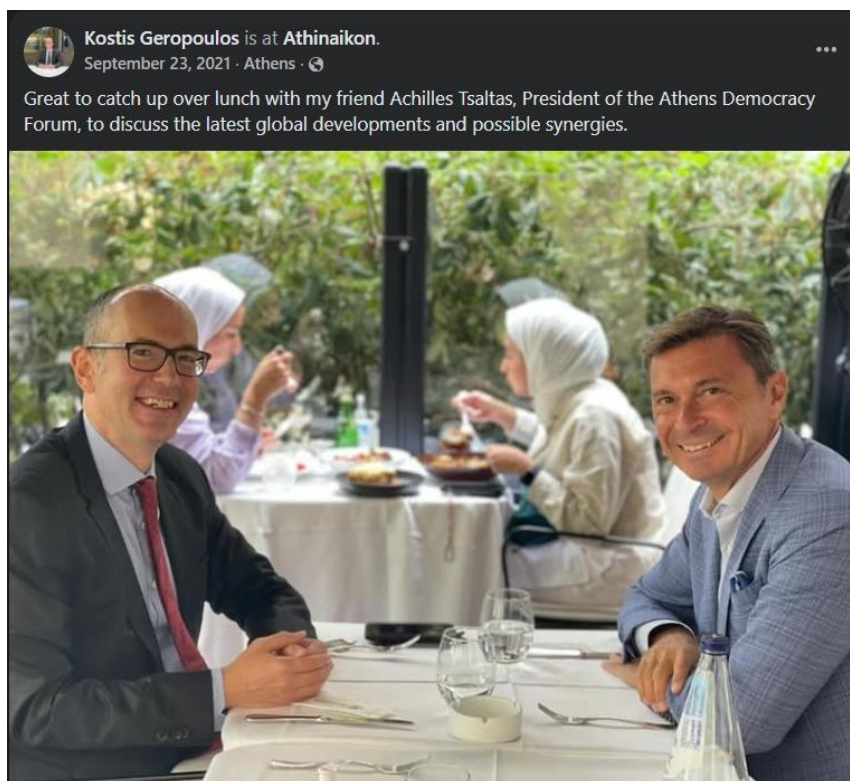

Atlantic Council secretly directs and benefits from these Pro-Turkish developments in the Eastern Mediterranean as the Democrats plan is to maintain the Ukraine War indefinitely and expand it in Central Asia and the Caucasus by destabilising the regions. This, according to their mindset, must happen at any cost, even if surrounding countries (Greece, Cyprus, Israel) have to lose sovereignty, or even their very existence, in order for Turkey to become the "trusted" Gatekeeper of the region.

Democracy and Culture Foundation:

Athens Democracy Forum (together with Delphi Economic Forum – relative event) is one of the Globalists Summits operating in Greece as you can read in our previous reports.

ADF operates under the auspices of Democracy and Culture Foundation and was USAID funded.

Achilles Tsaltas, the President of this globalist foundation, is Vice President of the NYTs and has been working in Hong Kong at least one decade. He also heavily interacts with CCP and Azerbaijani lobbyists. The Democracy and Culture foundation is infiltrated by **CCP and Pro-Hamas** advocates, an example is [Eric X Li](#), and [Chaker Khazaal](#) members of its Leadership Council.

Kostis Geropoulos is an Azerbaijani lobbyist, Middle corridor Advocate, and has been living in Hong Kong like Tsaltas for years. They both are part of the broader Atlantic Council – Pyatt apparatus.

Tsaltas is one of the main contacts of Greek PM Kyriakos Mitsotakis and his wife (Mareva Grabowski) with the US Deep State and the US Democratic Party.

He coordinated the trip of the two in Qatar, specifically at the **Art for Tomorrow** initiative, under the auspices of The Democracy and Culture Foundation.

A more comprehensive review of the Speakers and associated entities will prove that CCP, Muslim Brotherhood, Greens, Deep State (Soros etc.) work together openly and under the scenes with a clear aim: hindering the America First and Israel's survival agenda.
